

Mission: A community of human services professionals that promotes and enhances the value of Continuous Quality Improvement (CQI) by providing opportunities for professional development, peer support, and collaboration.

The CQI Community Group consists of private agency CQI professionals throughout the state of Illinois interested in networking, sharing resources and supporting professional development in the area of continuous quality improvement. The CQI Community Group was formed in December 2013, and convenes multiple community meetings and workshops throughout the year as well as the annual CQI Conference. **To join this group and receive meeting notices, conference information and group updates, contact us at CQICommunity@gmail.com or visit us at <http://cqi.cfr.illinois.edu>.**
