Why Speed Networking?

1. Learn about career paths in CQI and how it is structured within a variety of organizations

2. Learn strategies and ways others have cultivated buy-in

3. Obtain feedback on current challenges participants are facing at their own organizations

4. Connect with peers for ongoing support and consultation

How does this work?

- Start with the person across from you
- 5 minutes per conversation
- When the timer goes off, we will prompt you to switch to a new person
- One side of the table will move, the other side stays
- We will leave 15 minutes at the end of this session for open networking with anyone you didn't get to meet or want to continue conversation with
