

# CQI ACTIVITIES

## FORCE FIELD ANALYSIS

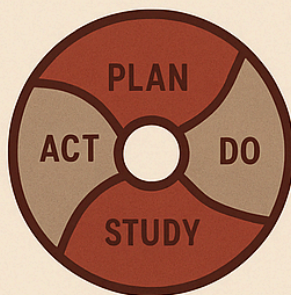

A structured tool to identify and examine forces that support or hinder a proposed change

## CQI MATURITY SELF-ASSESSMENT

An organizational reflection tool used to measure where a program, team, or system currently stands in its CQI

## PDSA CYCLE WALKTHROUGH

A step-by-step review of the Plan–Do–Study–Act cycle, a core CQI method for testing small changes

## DRAFTING A CQI ACTION PLAN

The process of turning improvement priorities into a concrete, written plan that includes specific goals, action steps, responsibilities, timelines, and measures
